## NINETEEN KILLED; TWENTY INJURED

### Terrible Wreck of Twentieth Century Limited Train.

### DASHED INTO AN OPEN SWITCH

**Train Was Running Seventy Miles an Hour When Accident Occurred—After the Wreck, Debris Caught Fire, Adding Horrors to Awful Scene.**

Cleveland, O., June 23.—While traveling at the rate of 75 miles an hour the famous Twentieth Century Limited, the fastest long distance train in the world, ran through an open switch at the little town of Mentor, east of Cleveland, at 9:30 o'clock last night, causing one of the most terrible wrecks in the history of the Lake Shore road.

The engine was hurled into the ditch. A part of the train was crushed on top of it, and the wreck was partly burned. The horrors of the wreck were doubled in the horrors of the fire.

Nineteen people were killed and the famous train was demolished.

The train was crowded, practically all was accommodations being taken when it left this city. It was behind time, and the greatest of speed was being made to make up the lost time. Among the dead are:

Thomas R. Morgan, of the Wellman, Seaver, Morgan & Co. of Cleveland, O., was burned to death.

A. Bennett, patent attorney, New York.

A. C. Rogers, New York city.

N. B. Watters, baggageman, of Hamburg, N. Y.

Allen Tyler, of Colinwood, O., engineer.

H. H. Wright, traveling man.

I. C. Beckwith, New York.

Wireman Graham, of Colinwood, O.

J. H. Gibson, New York.

— Williams, first name and address unknown.

Five bodies not yet identified.

The injured:

At Cleveland General hospital: F. J. Grandt, 35 years old, Toledo, trainman. Aaron Gorham, Norwalk, O., fireman. James Bartley, Akron, O., traveling engineer. An unknown, fatally burned. Archibald Head, London, England; an unknown seriously burned; C. Cordua, Brooklyn, N. Y. D. E. Arthur, Milwaukee, Wis.

At Lakeside hospital: Charles H. Wellman, of the Wellman, Seaver & Morgan Co., of Cleveland; unknown man, crushed and burned; Allen Flier, of Ashtabula, cut and bruised.

Missing: A. L. Johnson, of Colley, and Johnson, of Cleveland.

The barber and the porter of the combination car.

Late reports gave the number of injured as 21, and of these 15 are seriously, if not fatally, hurt. Practically all the injured were burned and had to be extricated from the blazing wreckage by rescue parties.

A peculiarly distressing feature of the rescue work was that the injured were so crazed when they were taken out of the wreckage that they could not even reveal their own identity. Despite the urgent appeals and entreaties made by officials and others to show how anxiously news from the wreck was awaited by families and friends of the passengers.

No list was finally given to the surviving wreck victims in the hope identification might in that way be established, but even when the list was reported to some could not believe.

The fire following the wreck was terrible. The night was dark save for the glare of the blazing wreck. Those about the burning cars fought the flames with the fire apparatus making their way through the steam that rose from the water. For the injured in the cars the fire spelled the heart. The fire apparatus and the water supply and the efforts in fighting the flames were inadequate, but "the heroic efforts" wrought great [illegible] for [illegible]. It was known that a number of injured were helpless in the wreck, but though the work was done with frantic haste the flames gradually drove the rescuers were driven away from the blazing combination coach and the imprisoned passengers were incinerated.

Despite their help the fire burned until after midnight and the last black and burned corpse was not recovered from the funeral pyre until 1 o'clock.

While there is no reason to know why any one should tamper with the switch the officials do not believe the accident would have taken place with the switch properly set and in position.

Mentor, the scen of the wreck, is the home of the widow of the late President James A. Garfield. Mrs. Garfield has lived in Mentor for a number of years. Her residence, however, is about two miles west of where the wreck occurred.

A quantity of first-class mail was destroyed by the fire which consumed all except the two rear coaches. The mail largely composed of through pouches from the west and destined for eastern points.

**Faculty of Williams College Will Confer Same on President.**

Williamstown, Mass., June 23—President Roosevelt, who reached here last evening after a busy day at Worcester spent the night at the home of President Henry Hopkins, of the Williams college, which institution today will confer upon the president the somewhat unusual degree of LL.D.

The morning was cloudy, but there was a promise of a fair day. The town is filled with visitors. The president who, was greatly refreshed by a quiet night's rest, faced a day of activity, which, according to arrangements, called not only for his participation in the commencement exercises, but the delivery of an address to the people of Williamstown, an early departure of his return to Washington with speeches to be made at North Adams and Pittsfield, and possibly other places, as his train passed through.

### SHE GOES WITH PEARY.

**Plucky Maine School Teacher Will Assist to Find North Pole.**

Norway, Me., June 23.—Love for adventure and a desire to be the first woman to reach the north pole, has caused Miss Mamie Babo to abandon school teaching to go, she says, with Lieutenant Commander Robert E. Peary in his quest for the north pole. From the peak of the explorer's new steamer will float an American flag presented to Miss Babo by her pupils at the little school at North Harpwell.

Mrs. Peary and her daughter Marie, 12 years old, also will be passengers on the Roosevelt, but they will return home when the steamer arrives at the point where relief supply stations are to be established. Miss Babo says she will stick to the ship until the end.

In addition to this the rates were raised. The new system will go into effect in September, and the supreme dictator will issue an official circular, giving the new rates and the reasons therefor, a copy of which circular will be mailed to every member of the order.

At the state fair grounds the athletes turned out of their tents to the sound of the reveille at 6 o'clock and after a hearty breakfast were escorted to the German house to take part in the festival parade, to witness which great crowds had gathered along the downtown streets.

The parade was a gorgeous spectacle, for which the committee had been preparing for several months.

Weller and a number of companions had been canoeing and had arrived at the boat lading. All the party got out except Weller, who tripped and fell into the water. A boat oar was handed him to grasp, but death was instantaneous.

**Will Probe Army Scandal.**

London, June 23.—After the matter had been discussed by the cabinet and in consequence of the widespread dissatisfaction at the suggestion that the investigation of the South African army stories scandal should be submitted to a select committee of the house of commons, Premier Balfour today announced in the house that the government decided to appoint a royal commission fully to inquire into the scandal. The house voted the late speaker, Mr. Gully, $20,000 yearly on his retirement, so as to enable him fittingly to maintain the title which the king intends to bestow on him.

Trammell surrendered himself to the sheriff, and will not make a statement, but was heard to remark immediately after the shooting that Barnes had wrecked his home.

Both men stood well here, Trammell having been appointed postmaster of Dothan, over a year ago, succeeding W. W. Millikin, and came here from Montgomery, where he had held an office in the collector of internal revenue department. Barnes came here about a year ago from Georgia, and has a brother in law, Mr. Howard, living in Atlanta, a married sister in Macon, and one in Bremen, Germany. His mother is also living in Georgia. He was an unmarried man.

### NO COMMITMENT TRIAL.

**For the Persons Charged with Killing Carter Children.**

Valdosta, Ga., June 23.—No commitment trial for J. G. Rawlings and his three boys, charged with the murder of Fannie and Willie Bell Carter was held for the reason that the officers feared that a lynching might result. When the situation was explained to Rawlings he promptly said he would waive a preliminary hearing.

John R. Cooper, a well known criminal lawyer of Macon, who has participated in some of the largest murder cases in the south has been employed by Rawlings to defend him and his three sons. Mr. Cooper is now in Valdosta going over the case with the father and sons and is preparing his defense. Judge Mitchell, who was here yesterday has set the third Monday in July as the day for the hearing in the superior court, having called a special term for the purpose. The jurors have been drawn and will be subpoenaed in a few days.

**Against Sunday Baseball.**

Jacksonville, Fla., June 23.—A warrant was issued by Justice of the Peace Farris for the arrest of William C. West, president of the Jacksonville Amusement company, owners of the Jacksonville baseball franchise of the South Atlantic League, charging him with violating the law prohibiting the playing of baseball on Sunday. The warrant was not served today, but will be served tomorrow morning. It is understod that the warrants was issued at the instigation of the franchise owners, who are anxious to have the law tested as to its constitutionality.

**Woman Refused $30,000.**

Davenport, Iowa, June 22.—Refusing $20,000 rather than change her religion by becoming a Catholic, is the threat by which Mrs. Lucinda Genson, of this city, has astonished her friends. Charles Simpson, a wealthy friend of the Ganson family, recently died in Sacramento, Cal., and Mrs. Ganson, has received word that he left her $30,000 in his will on condition that she become a Catholic.

## COUNTRIES ENGAGED IN SELECTING MEN

### Who Will Represent Them In Peace Conference.

### M. NELIDOFF MAY BE RELIEVED

**It Is Now Up to Japan to Say as to Whether There Shall Be a Cessation of Hostilities In the Far East—Far Eastern News in Brief.**

St. Petersburg, June 23.—The Russ says it is authorized to say that Count Cassini, the retiring Russian ambassador at Washington, will not participate in the peace negotiations, but will leave the United States immediately on the arrival of Baron de Rosen, his successor.

From independent sources the Associated Press confirms the statement of the Russ that Count Cassini will have no part in the peace negotiations. Foreign Minister Lamsdorff is indisposed. It is understood his condition is not serious, but his physician was called in last night and ordered the minister not to leave his bedrom today. There is no intimation, however, that this will appreciably delay the pending negotiations. The question of a temporary suspension of hostilities seems to rest with Japan. In the meantime the chancelleries of St. Petersburg and Tokio are occupied with the selection of the plenipotentiaries. As stated in these dispatches last night, it can now be regarded as settled that they will number three on each side.

An important consideration requiring adjustment is the desire of each country to appoint negotiators of equal rank and this increases the probability that M. Witte, president of the commission of ministers, may be one of the Russian plenipotentiaries if Japan names the Marquis Ito, president of the Japanese council. It is possible that M. Nelidoff, Russian ambassador at Paris, will not go to Washington. As dean of the Russian diplomatic corps he was the first choice of the foreign office, but he is of advanced age, and his health is not robust. Besides, M. Nelidoff is an exceedingly bad sailor and it is still an open question whether he may not ask to be relieved of his mission. In such an event, it is considered certain that Baron Rosen will be appointed.

**City to Own Tenement Houses.**

New York, June 22.—Leading labor men have decided to aid in the movement for municipal tenement houses started by Alexander Law of the Christian Workingmen's institute. Mr. Law's scheme has received the indorsement of the Church Association for the advancement of the interests of Labor, of which Bishop Potter is president. Charles Obeymayer, former president of the Central Federated union, said he would submit the municipal tenement house plan to labor organizations for endorsement. "I will place it before west side organizations especially," said he. "They are the ones most interested."

**Country Homes Are Robbed.**

New York, June 23.—Under the guise of a telephone inspector, two men are reported by the Americas to have robbed the country home of a prominent corporation lawyer, doing business in New York and Boston. Diamonds and other jewelry of the intrinsic value of $23,000, but of inestimable value as heirlooms, were secured b ythe thieves. A reward of $1,000 has been offered for their capture.

**Beef Trust on Trial.**

Chicago, June 23.—Many witnesses were summoned by the federal grand jury in the hearing of the beef trust charges Tuesday. For that reason the inquiry may not be ended until next week. Meantime Assistant Attorney General Pagan is said to be drawing indictments, the number of which is left to speculation. No hint has been given concerning the persons likely to be indicted.

# DIED FROM FRIGHT OR HEART FAILURE

## The White Convict at McDonald's Turpentine Camp

### DIDN'T GET HIT BY ONE BULLET

**Andrew Booth, Supposed to be Shot While Trying to Escape, Was Not Hit and Evidently Died from Fright. Coroner Says Unknown Cause.**

When the news reached this city on Thursday evening that Andrew Booth, a white convict, had been shot at J. B. McDonald's convict camp at Fairbanks many were surprised and felt sorry for the poor fellow, owing to the short time he had to serve—three months. But Friday morning the later developments showed quite a different termination of the unfortunate affair.

It now transpires that as soon as the guard fired and the man fell they supposed he was dead or mortally wounded and in a few minutes the men were at his side. To the surprise of all, when he was raised to his feet he was seen to be alive. But as soon as they released their hold on the prisoner, however, he sank to the ground and expired.

The matter was reported to the authorities in this city Friday morning and Justice Colman conducted a coroner's inquest. After a careful examination of his person it was shown that there were no marks of a bullet or any other missile on his body.

After due deliberation the coroner's jury returned a verdict of death from unknown causes.

## JOHN WALL'S RAILROAD.

### Putnam County's Legislator Will Take Up Railroading.

The Palatka correspondent of The Jacksonville Times-Union has the following in Friday's paper regarding the new railroad scheme of Representative Wall of Putnam county:

"It may not be generally known that John P. Wall of Putnam Hall is now a full-fledged corporationist, but such is the case. J. J. Cates of Valdosta, W. E. Baker of Melrose and John P. Wall have applied to the Governor for letters patent incorporating the Newburg, Melrose & Rochelle Railroad Company. The amount of the capital stock will be $15,000, to be divided into 150 shares of $100 each. Mr. Wall, who is down for vice-president, takes 50 shares. The nature of the business will be to build and operate railroads. The line of road which it is now proposed to build, own and operate is to extend from Newburg, Clay county, to Rochelle, Alachua county, a distance of twenty-five miles. Mr. Wall has decided that his duties as railroad magnate will require all the time he can afford to spare from the farm, hence his decision to retire from political life. He perhaps thinks that Vice-President Wall of the N., M. & R. Ry., sounds better than Representative Wall."

This road will run from Rochelle on the Atlantic Coast Line, to Newberry on the Georgia Southern and Florida Railway, and will be hailed with joy by the people of Melrose.

### Massachusetts Wedding.

The Sun is in receipt of a letter from Worcester, Mass., announcing the marriage in that city of Miss Alice B. Metcalf, formerly of Hawthorn, this county, to Mr. Charles Fleet.

The bride is the daughter of William S. Metcalf, who formerly lived at Hawthorn, but is now a resident of Worcester, where he has been in a hospital with a lame back.

The groom is connected with the Brighton postoffice, a sub-station of Boston, as mail carrier. He is a brother of Fred Henry Fleet, who married Miss Beulah Metcalf. The friends of the family at Hawthorn join The Sun in congratulations and wish the newly wedded couple a happy future.

### Paid His Fine.

Joe Simmons, convicted of carrying concealed weapons, and who was fined $100 and costs and in default of payment was sent to McDonald's convict camp, broke away from the enclosure and went to the premises of Charles Eddy, the lumber manufacturer of Orange Heights, where he told Mr. Eddy he was in trouble and related the facts as they were.

As Mr. Eddy was in need of help and Simmons agreed to work for him to pay up the $100, the lumber manufacturer came to this city and squared up the matter and Simmons is a free man again.

The foreign office only knows the contents through press reports, and maintains complete silence concerning the situation as is left by France's answer. The impression made here is that the answer does not promote an understanding between France and Germany, but the foreign office here does not abandon the hope of an adjustment of the difference in a manner satisfactory to Germany.

1056 Winnemac Avenue.
CHICAGO, ILL., Oct. 25, 1902.

Wine of Cardui can always be relied upon to cure when everything else fails. It is a certain cure for female diseases in their worst forms. I suffered for years with ulceration. Intense pains in the womb and ovaries and dreadful headaches unfitted me for my work. Finally I grew so ill that I had to keep to my bed. The pains were so intense at times as to cause spasms and a disagreeable discharge drained my life forces. In my extremity after all else had failed, I tried Wine of Cardui. After using it for two weeks I began to improve so rapidly that I felt encouraged to keep up the treatment, which I did for eighteen weeks, but at the end of that time I was entirely cured. What a relief was mine and how new and beautiful life looked to me when my health was restored. Only those who have passed through such a siege of sickness as I have will understand how much I value Wine of Cardui. It is indeed a boon to sick women.

Frances Mitchell
Secretary, North Chicago Frauen Verein.

...Bennett received an order ...rday morning to arrest Ed... ...arez and return him to the ...onvict lessee. This order ...that the conditional pardon ...ted to Alvarez on April 6, 1904, ...been revoked, and that he must ...enter upon the service of the life ...imposed upon him in the cir... ...rt on March 29, 1899.

...receipt of the Governor's order ... Bennett, accompanied by Dep... ...isden, went to Lawtey, where ...noon they took Alvarez into cus... tody. He was brought to Starke and lodged in jail and the State prison authorities were at once notified. The recruiting officer for the convict camps arrived Sunday to take Alvarez away, but in the meantime Long & Fielding, attorneys for the young man, had instituted habeas corpus proceedings, which stayed the execution of the Governor's order.

The Governor revoked Alvarez's pardon on a petition from citizens of Lawtey, who complained that he had offended against the peace and good order of that community. The pardon was granted on condition of good behavior, and when the Governor was notified that Alvarez was not fulfilling his part of the obligation he at once ordered him back into custody. Alvarez's attorneys set up the contention that the pardon cannot be revoked without first giving him a hearing and have carried the matter into court on habeas corpus proceedings. The writ is returnable on June 30th before Judge Call of the Fourth circuit, Judge Wills being disqualified on account of having represented Alvarez when he was on trial in 1899.

Alvarez will remain here until he is carried before Judge Call on the 30th.

It is believed that this is the first instance in which the right of the pardoning board to revoke at will a conditional pardon has been called into question and the case will no doubt attract a great deal of attention.

Alvarez shot and killed Sam Hilliard in 1894. After the shooting he escaped and was not apprehended until five years later, when he was arrested in South Carolina and brought back here for trial. At the spring term of the court in 1899 he was convicted of murder in the second degree and sentenced to life imprisonment. He had served five years and nine days when he was released on a conditional pardon, April 6, 1904.—Bradford County Telegraph.

### A Thousand Dollars' Worth of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $1,000 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. J. W. McCollum & Co.

## The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

## ARCHER NEWS.

### Child Stricken With Paralysis—Business and Personal Items.

Archer, June 23.—Miss Leila Bauknight is visiting her sister, Miss Tucker, at Live Oak.

A fishing party composed of Dr. Waddell, Sam Fleming and John Chamblin, went to Levy Lake on Thursday and had a fine time and caught plenty of fish.

The seven-year-old child of Mr. and Mrs. J. E. Videon is suffering from a stroke of paralysis, but is reported somewhat improved at this writing.

Mrs. Marion Smith is back from Atlanta, where she has been visiting her daughter.

Mr. and Mrs. W. L. Jackson and Miss Ida Chamblin left on Monday for Atlanta. Mr. and Mrs. Jackson will have charge of the household of her son, Fleming Winecoff, who with his wife and children will go to Europe to spend several months. Miss Ida Chamblin will spend a while in Atlanta and then go to Woodruff, S. C., her old home, where she will spend the balance of the summer.

Dr. McMillan of Montbrook spent the Sabbath with his family here.

Dr. Andruss, the popular druggist, left on Tuesday for Newark, N. J., where he will spend the summer with relatives. Mr. A. S. Chamblin will have charge of the store during his absence.

### Dying of Famine

Is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers of Cearfoss, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at all drug stores. Price 50c and $1 a bottle. Trial bottle free.

### Is Now "Dry."

Marcus Endel, one of Gainesville's leading merchants, was a visitor to Starke Wednesday and was outspoken in commending the citizens of Bradford for having voted the county "dry." In the campaign in Alachua county two years ago, Mr. Endel was an uncompromising supporter of the "wet" side of the question, but says he would certainly be on the "dry" side were the question submitted again.—Bradford Telegraph.

### Acute Rheumatism.

Deep tearing or wrenching pains, occasioned by getting wet through, worse when at rest, or on first moving the limbs, and in cold or damp weather, is cured quickly by Ballard's Snow Liniment. Oscar Oleson, Gibson City, Ill., writes, Feb. 16, 1902: "A year ago I was troubled with a pain in my back. It soon got so bad I could not bend over. One bottle of Ballard's Snow Liniment cured me." Sold by W. M. Johnson.

### Hyde's Big Sale.

The big sale at G. W. Hyde's double store, under the management of B. M. Tench, is a great success. A large crowd was standing about the front of the store as early as 7:30 a. m., waiting the opening hour, and all day long a large force of clerks was unable to wait on the crowd, many being turned away.

A mistake in the prices in the advertisement caused quite a loss to Mr. Hyde. It should have read 25 dozen sheets at 41 cents each but was printed 21 cents, a difference of 20 cents each. But in order to sustain his reputation for doing exactly as he advertised, Mr. Tench was told by Mr. Hyde to let them go at 21 cents, and they went.

The sale lasts ten days, with special features from day to day.

### Stimulation Without Irritation.

In case of stomach and liver trouble the proper treatment is to stimulate these organs without irritating them. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating these organs like pills or ordinary cathartics. It does not nauseate or gripe and is mild and pleasant to take. J. W. McCollum & Company.

### Get Your Vote Ready Early.

All the merchants who have ballot boxes at their stores for the library contest will please get them to The Sun office as early as possible, so they can be arranged for the paper on Sunday morning. There are so many contestants that it will take some time to get them all tabulated, and we would like to have them as early as convenient.

### If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Double daily service. For further particulars inquire of ticket agent. tf

## Life a Burden

There are times when life seems a burden—when you are tired, worn-out, have dull pains in the head and a continual feeling of uneasiness. You have no appetite, and your digestion is poor; your sleep broken, and you get no rest.

Little annoyances seem great mountains of trouble, and you are blue, melancholy and given over to gloomy forebodings.

This means low vitality—exhausted brain nerves.

For this condition Dr. Miles' Restorative Nervine is a specific; it is a food for the nerves. It builds up the nervous system, and restores lost energy.

Try it to-day and see if your sleep is not sound and refreshing, and the morrow brighter and more hopeful.

"I am glad to announce that I have recovered my health, as far as my advanced age will permit, as I am 83 years old. My case was very bad; my nerves were all shattered. I suffered much pain and coldness; was so weak and felt so sad and lonely and heart-broken. When I commenced taking Dr. Miles' Remedies I was completely prostrated. I have taken the Restorative Nervine, Heart Cure and Nerve and Liver Pills, and they cured me." MRS. E. C. BAWLEY, Waterloo, Ind.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

## READ THE ADVERTISEMENTS.

People who take newspapers should always glance over the advertisements, as the business man of today, when he has bargains for the people, always makes it known through the columns of the local paper, and frequently the person who reads the advertisements will learn of opportunities to buy that will save them many times the price of subscription to the paper.

The advertiser will find no better way to reach the people of Gainesville than through The Daily Sun, while those who desire the trade of Alachua county will find The Twice-a-Week Sun the best medium through which to reach the entire population of this section of Florida.

If you have bargains for the people let them know it through The Sun.

## DANGER OF GRAFT.

In an address at the college commencement at Oberlin, Ohio, James B. Dill of New York, in referring to grafting said that graft is the advanced stage of the craze for unearned money. Primarily it is not so much the desire to get something for nothing, or, rather it is not only the desire to get something for nothing, but it is an attempt to get something for the grafter in consideration of his parting with something that does not belong to him.

It is a wrong greater than that of the counterfeiter who merely makes and passes counterfeit coin. The grafter is a man who robs the counterfeiter, who makes the coin. The grafter then passes the spurious coin to the public as genuine. The grafter is a double villain.

The essential element of graft is a breach of trust.

Graft is well nigh universal. We meet it in its various forms everywhere. Its most common form, however, is the illicit use of power or authority. The legislator who is influenced by the argument which appeals to his pocket rather than to his sense of civic obligation, practices a form of graft which is dangerous to the community. The public is awakened now to the danger of this man. We know him; we understand him. Some day, and none too soon, we shall refuse to vote for him, and then he will pass away.

Another form of graft is that of the bank official, the officer in a financial institution who is influenced in the use of the funds of the institution by any reason other than the good of the institution. Such a man is dangerous to the community—as dangerous as the political grafter—but we do not always recognize him. His position is so high and his form of graft is so insidious that its existence ofttimes is not suspected until the explosion resulting from his grafting has injured the community and made the man and his practices notorious—but too late.

## RUSSIA'S LESSON.

The fact that Russia has so quickly accepted the intervention of President Roosevelt, cannot but help to modify the views of her policy. There is reason to believe that, notwithstanding the arrangement made several months ago, by which correspondents in St. Petersburg were given the liberty to transmit their messages freely, a good deal of information of value to the world has been suppressed. This censorship has been by the sensational journals, rather than the Russian government. Only sensational and highly colored news has been transmitted. Facts were not sent, which although more far-reaching, would not bear the sensational headlines.

The more progressive element of the Czar's ministry is no longer looking backward, but forward. They are carrying on the war, but they are looking beyond the war toward the work to be accomplished in peace.

If the liberal element in the ministry maintains the ascendency, there is a prospect of great things for Russia during the coming twenty years The war with Japan has taught her much that she needed to know. Some there are indeed in Russia who will not learn the lesson, bitter though it is, but there are others, and if we mistake not, they are the men who will now control the course of events, who have learned the lesson and will apply it, however incompetent for great things the Czar may be. It will not be strange if the development of Russia in the next twenty years shall astonish the world quite as much as the progress of Japan has in the past fifty.

### Bird Inspired Music.

One of the most pathetic scenes remembered from the experiences of an unhappy genius is given, among other facts, about Beethoven in the "Life of Sir Herbert Stanley Oakeley." The great composer delighted in the outdoor world. He loved a tree, he once declared, with pardonable exaggeration, "better than a man."

After he had become stone deaf he visited the valley of Heiligenstadt, near Vienna, where he had stayed in other and happier days.

"Here," he said to the friend who accompanied him, "I composed my 'Pastoral Symphony,' and here the birds composed with me. Can you hear a yellow hammer?"

"No," wrote his friend on the conversation slate. "And in the symphony I only remember the nightingale, quail and cuckoo."

He believed certain phrases to have been meant for a direct imitation of certain birds, but Beethoven's method was a more poetic one. The birds had inspired him; they had "composed" with him. But they had done it by contributing unconsciously to the joyous harmony of the scene.

Beethoven in answer to his friend's suggestion took the slate and wrote upon it a passage for the flute in the "Brook Scene." That was what the yellow hammer had inspired him to do.

### The "Breathing Cave."

In the western part of North Carolina, in the mountains known as the Fork range, is located the most remarkable cavern now known to exist. It is called the Breathing cave and is certainly a most wonderful natural curiosity. During the summer months a current of air comes from it which is so strong that a full grown man cannot walk against it, and in winter the inrush of air is equally strong. At times a most unpleasant odor is emitted from the cave, which is supposed to be from the carcasses of dead animals which have been sucked in and killed by coming in contact with the inner walls of the inanimate, breathing monster. During the spring months, when the change from inhalation to exhalation takes place, the air is filled with pellets of hair, dry bones, small claws, etc., which are supposed to come from creatures sucked into this dry land maelstrom in times passed. Many scientists have visited and revisited the place for the purpose of studying its peculiarities, but still the mystery remains unexplained.

## YOUR HAT

**May Be a Stylish One, But It Makes Trouble.**

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.

Baldheads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of Dandruff it is a sure sign that these countless germs are busily at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

Editor Fitzgerald and Manager McBride of The Bartow Courier-Informant have resigned their positions and will remove to Columbus, Miss., where they will continue in the newspaper business. There are many good features of the paper due to the energy and tact of these two gentlemen, the latter of whom has been connected with the paper for many years.

# SUFFERED FOR YEARS WITH A COMPLICATION OF FEMALE DISEASES.

## Robust Women Who Owe Their Restored Health and Usefulness to Pe-ru-na.

### Read the Letters of Grateful Women Cured by Dr. S. B. Hartman's Free Advice.

**Thousands of Testimonials Received Every Year.**

**An Ideal Medicine.**

MISS LOUISE MATHER, 13 Church St., Burlington, Vt., Vice-President Bureau of Exchange, writes:

***"Your medicine is an ideal woman's medicine and by far the best I have known to restore lost health and strength.***

"I suffered for several years. My back ached, I had bearing down pains, and frequent headaches.

"I would often wake from sleep in such pain that I would suffer for hours before my eyes would close again. I dreaded the long nights as well as the weary days.

"I consulted two physicians, hoping to get relief. Finding that their medicine did not seem to cure me, a friend advised me to try Peruna.

"I am certainly glad that I followed her advice, for Peruna was the only medicine for me. Every ache and pain disappeared in four months and I am in perfect health now.

***"My earnest advice to suffering women is to try Peruna, for I feel sure they will not be disappointed in it."—Louise Mather.***

**Enjoying Splendid Health.**

Mrs. L. E. Tyler, Santa Monica, Cal., Secretary Santa Monica Musical Society, writes:

***"I was troubled for over three years with systemic catarrh, complicated by female weakness and inflammation.***

***"This induced frequent headaches, nervousness, hysteria and sleeplessness, which nothing could relieve until I tried Peruna.***

"I began to feel better after I had taken the first bottleful and improved from week to week until at the end of about eleven weeks I was entirely well.

"I am pleased to say that I have enjoyed splendid health now for nearly a year. I have a fine appetite, enjoy sound sleep and do not suffer from any more headaches or other pains."—L. E. Tyler.

**Completely Regained Her Health.**

Miss Edith Reams, 726 North Main St., Dayton, O., writes:

"I suffered for some time with both lung and female troubles.

***"I had been under the treatment of a good physician for about nine months without obtaining any relief, when Peruna was recommended to me. After taking twelve bottles of this medicine I have completely regained my health.***

"I am pleased to recommend Peruna to any one suffering from the above ailments."—Edith Reams.

No testimonials published without written consent of the writer.

**America is the Land of Nervous Women.**

The majority of women are nervous because they suffer from some form of female disease.

The greatest obstacle in the way of recovery is that they do not understand that catarrh is the main source of their illness.

Women who are in doubt as to their ailments should write to Dr. Hartman, President of The Hartman Sanitarium, Columbus, O. Give him a full description of your symptoms, previous treatment and age.

He will promptly reply with full directions for treatment, free of charge.

**Kills His Wife With Hatchet.**

Buffalo, June 23.—As bloody a murder as was ever committed occurred in Buffalo, the victim being Mrs. Kathrino Avidiso, an Italian. The husband of the woman, now under arrest, admits he killed her. A cry aroused the block in which the couple lived on Illinois street. On a wretched pallet on the floor the woman was found. Her husband, with blood dripping from his hands and clothing, was caught as he was trying to crawl through a window. He had hacked himself on the head with the hatchet with which he had slain his wife.

In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach." ## CORPUS CHRISTI PROCESSION.

**Emperor Francis Joseph, of Austria, Took Part in Festivities.**

Vienna, June 23.—Amid accompaniments of medieval pomp and circumstance the aged emperor of Austria, King of Hungary and Bohemia, etc., Francis Joseph took part in the yearly Corpus Christi procession in Vienna today. His majesty was greeted enthusiastically by his people as he was driven through the streets of the Inner City, but it was the universal dictum of the Viennese that their emperor had aged greatly since they last saw him in this ceremony two years ago, and the appearance of his majesty, who will, if he lives, celebrate the sixtieth aniversary of his ascension to the throne in 1908, suggested to many minds that this may be the last time the venerable monarch will apear before his people in this beautiful festival of the Catholic church.

Biginning with the earliest morning hours the streets of the inner city of Vienna were filled with movement and life in expectation of the coming procession and people flocked to the windows, balconies and the stands along the line of march which were crowded.

The streets were decorated with flags, boughs of trees and many colored hangings, and at convenient places the temporary open air altars had been erected.

The procession started from the Hofburg Cathedral of Stefansplatz, where the ceremonies were held, and then returned to the Hofburg.

## WARRANTS TWICE PAID.

**Indians Had Received Money and the Banker Gets Paid Again.**

Kansas City, Mo., June 23.—A special to the Journal from Muskogee, I. T., says:

"It is alleged that a steal in connection with the payment of Chickasaw warrants has been discovered which will outrival the famous warrant steal and may involve a fugitive banker of Tishomingo and men high up. The amount cannot be determied, but it is between $100,000 and $200,000. This sum represents Chickasaw school warrants that were paid and afterward refloated. One firm in St. Louis, it is understood, has about $60,000 worth of these warrants, and some of them are known to have come through a combination of which Kirby Purdom, the absconding banker of Tishomingo, was said to be the leading spirit. A large number of these warrants are thought to be fraudulent.

"The grand jury is making an investigation."

### Dime Novels Barred.

Columbus, O., June 23.—News agencies in Columbus have received word by letter from the management of the Union News company that in the future detective stories and bloodthirsty dime novels of every nature will be barred from the trains and stations of the Pensylvania system. Train "newsbutchers" and news agents at stations all along the line also received the same orders from the Union News company, which controls the privilege an the Pennsylvania system to send in all literature of this nature at once. It is explained by railroad men here that the order of the Union News company is in accordance with a decision of the Pennsylvania officials to eliminate what they consider one of the breeders of crime in the country.

### Cured of Bright's Disease.

Geo. A. Sherman, Lisbon Red Mills, Lawrence county, N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well known kidney medicine and other remedies that were recommended but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." J. W. McCollum & Co

### Opposed to Labor Federation.

New York, June 23.—The national convention of the Amalgamated Glass Workers, representing 55 locals in various cities, now in session here, has decided unanimously to send delegates to a convention called by the Socialists in Chicago, June 27, to form an industrial union. It is understood the latter union will vigorously oppose the American Federation of Labor and its leader, Samuel M. Gompers. It was also announced that glass workers will be reorganized throughout the country with the object of making a national demand in the fall for higher wages to be enforced by a national strike.

Rosebery, an elderly woman, who has been keeping an armed watch over the highway in front of her premises. ### The Dead of the Sea.

An inquisitive Frenchman has thought it worth while to ask what becomes of the bodies after death of the numberless fish and other living creatures that fill the sea. Of course they all die, sooner or later, and yet it is an occurrence so rare as to be practically unknown for anybody who lives beside or on the ocean to come across the "remains" of even a single victim of the fate that awaits all things mortal. In the profounder depths putrefaction cannot take place, so if the dead fish once reaches those calm, chill abysses he would be preserved until the end of time. Probably, however, no such peaceful repose awaits more than an infinitesimally small proportion of the finny folk, and no great accumulation of lifeless bodies exists at the bottom of the sea. The living eat the dead before they can make the long, slow journey downward. As a matter of fact, extremely few fish, and perhaps none, ever meet what is known as a "natural death." Almost always they are slain and devoured and so put definitely out of the way.

### First Recorded Yacht Race.

A race across the Atlantic ocean would have seemed a wild romance to King Charles II. when he took a leading part in the first recorded yacht race. "I sailed this morning," says Evelyn on Oct. 1, 1661, "with his majesty in one of his yachts, or pleasure boats, vessels not known among us till the Dutch East India company presented that curious piece to the king, being very excellent sailing vessels. It was on a wager between his other new pleasure boat, built frigate-like, and one of the Duke of York's; the wager, £100; the race from Greenwich to Gravesend and back. The king lost it going, the wind being contrary, but saved stakes in returning. There were divers noble persons and lords on board, his majesty sometimes steering himself." "Yacht," a word new to England in 1660, is Dutch, from "jagten," to hunt, to speed, connected with our "go."—London Chronicle.

### Resting the Heart.

"Rest your heart now and then during the day," said an instructor in gymnastics.

"But the heart can't be rested," a pupil objected. "It works incessantly from birth to death."

"It rests the heart to lie down," said the instructor. "Every night's sleep of nine hours saves the heart the lifting of 32,000 ounces of blood. Considerable rest there, eh?

"When we lie down, you see, the heart's action becomes slower—slower by ten strokes a minute. Thus in an hour 600 strokes are saved and in nine hours 5,400 strokes. Each stroke pumps six ounces of blood, and therefore in nine hours the heart is saved the labor of pumping 32,400 ounces.

"The heart often requires a rest."—Philadelphia Bulletin.

### Ran the Hole Out of Town.

A lecturer recently told of a Russian he saw some years ago in Manchuria whose methods of achieving results were not according to the usual code. The Russian had a well in his front yard which he concluded to fill up. He began digging a hole by the side of the well, throwing the dirt from the new excavation into the well.

"In the course of time," said the speaker, "the old well was filled, but there was a hole alongside as big as the first. The Russian went farther away and dug another hole to fill the second. He continued this process of digging one hole to fill the other until he literally ran the hole out of town."

### Health and Money.

There is this difference between those two temporal blessings, health and money: Money is the most envied, but the least enjoyed; health is the most enjoyed, but the least envied, and this superiority of the latter is still more obvious when we reflect that the poorest man would not part with health for money, but the richest man would gladly part with all his money for health.

### Suggestive.

"Gee whiz!" said George for the twentieth time. "It makes me mad every time I think of the $10 I lost today. I actually feel as if I'd like to have somebody kick me."

"By the way, George," said the dear girl dreamily, "don't you think you'd better speak to father this evening?"—Philadelphia Press.

### The Lot's Advantages.

Advertising Expert—I've written the praises of all these lots but one. I'm afraid you can't sell that one. Real Estate Agent—What's the matter with it? Expert—Why, it's on an almost perpendicular hillside. Agent—Call attention to its wonderful drainage facilities.—Cleveland Leader.

### No More Work.

Hicks—I suppose Dresser is still puttering alone at his inventions. Wicks—Well, he has actually perfected a great labor saving scheme at last. Hicks—You don't say. Wicks—Yes; he's going to marry Miss Rooley.—Catholic Standard and Times.

A chance such as the people of Florida are having at present, to consult such a well known and successful specialist as Dr. E. H. Armstrong, is rare indeed, and should be taken advantage of. Rev. Thos. P. Hay returned yesterday from Highland, where he went the day before, June 22, to perform a marriage ceremony at the home of the bride's mother, Mrs. Robert G. Cook. The contracting parties were Miss Eliza Mary Cook and Mr. Frederick Albert Fisher of Lawtey. The marriage was a quiet, private affair, only members of the bride's family being present. The bride is one of Clay county's popular young ladies, while the groom is one of Lawtey's rising young business men. The Sun extends congratulations.
